SANTA ANA, CALIFORNIA, MONDAY EVENING, NOVEMBER 23, 1914

50 CENTS PER MONTH

ONE DAY YET REMAINS TO GIVE IN AID OF STARVING BELGIANS; SANTA ANA RESPONDS FREELY

THIS is just one party of Antwerp refugees caught by the camera man in Holland. There were 400,000 of them scattered along the roads from Antwerp into Holland, and they have wandered all over the little Dutch monarchy. The border towns can not, of course, care for a tenth of them. They can not even find warm places for the women and children to sleep, much less give them something to eat. Herbert Corey, who made an investigation on the roads leading from Antwerp, found men, women and children tramping by the thousand.

GUADALAJARA IS U.S. TROOPS QUIT TODAY UNDER ASSAULT VERA CRUZ TODAY

Gen. Angeles Leads 15,000 Troops Against City Under Order From Villa
8000 Constitutionalists Under Gen. Aguilar Marching in to Replace Them

EL PASO, Nov. 23.—Fifteen thousand troops under General Angeles are assaulting Guadalajara today. General Villa has instructed Angeles to capture the city even if he finds it necessary to level it. The city is defended by 20,000 Carranzistas under Gen. Miguel Diguez. Villa's main force remains at Cuernavaca, delayed by the destruction of the railroad. General Gutierrez, recently named provisional president, is en route to Vangas for a conference with his brother, Gen. Luis Gutierrez, hoping to induce him to repudiate Carranza.

YOUTHS CHARGED WITH STEALING OF \$20,000 BULLION

SAN BERNARDINO, Nov. 23.—Winfield Scott, aged 23, arrested on the charge of participating in a theft of \$20,000 worth of gold bullion from the United Greenwater Copper Company's property near Dale, California, is the son of D. P. Scott, a prominent San Bernandian. The youth, in the confession which the Los Angeles police claim was made by Clarence Loyst, 22, was arrested at 3 o'clock this morning.

GRAFT CRUSADE IN OAKLAND IS IN PERIL OF FIZZLE

SAN FRANCISCO, Nov. 23.—Within ten days there must be some one over the barrel with the evidence of graft against him or a graft crusade inaugurated in Oakland by Francis J. Heney will be fizzled out. This is the positive declaration today by a leading member of Oakland's committee of one hundred which assumed the initiative in the anti-graft campaign. Special graft investigators are reported as at work today on the evidence. If facts in criminal character are developed they will be presented to the governor and attorney general.

VERA CRUZ, Nov. 23.—The American soldiers occupying Vera Cruz for many months past, marched about eight transports today. They are expected to sail home at 6 o'clock tonight. General Aguilar with 8000 Constitutionalists waited outside the city. As fast as the American outposts left their positions the Mexican soldiers replaced them. The evacuation was quiet. All saloons are closed and the city is orderly.

WASHINGTON, Nov. 23.—On the day set for the American evacuation of Vera Cruz, Navy officials admitted feeling some concern regarding the division of public sentiment there between Generals Carranza and Villa. No real anxiety is felt, however. The officials expressed it as a certainty that the evacuation of Vera Cruz, it will be free from disagreeable features.

The occupation of Vera Cruz, it was announced, has cost the army approximately \$5,000,000 and the navy \$10,000,000.

Official advices from Mexico City said the conditions there were greatly improved. General Blanco, who is in command, is trying to reconcile the different factions.

WASHINGTON, Nov. 23.—Investigation of an interview attributed to Capt. Walter Hill, commanding the American marines at Vera Cruz, was ordered today by Secretary of the Navy Daniels.

"There will be looting and incendiary fires in Vera Cruz probably before nightfall," Captain Hill is quoted as saying, "if the American troops leave today as scheduled."

Secretary Daniels refused to comment at length on the alleged interview, but said: "Any man making such a statement is unfit for service in the American navy."

Dispatches to the State Department today reported fighting at several points in Mexico today. Conditions at Mexico City were said to be tranquil.

BRITISH CAMEL CORPS ACTIVE
LONDON, Nov. 23.—The official bureau issued the following last night:

"A small engagement between outposts has taken place between the enemy and the Bikanir camel corps in Egypt. The latter fought well and killed a number of the enemy. Our losses were thirteen missing."

Rotterdam, Nov. 23.—Curious and significant news has been received to the effect that the inhabitants of St. Nicholas, a town with a population of nearly 40,000 and an important railway junction southwest of Antwerp, have been ordered by the German authorities to leave immediately. They have been offered vacant houses at Antwerp, which might be occupied by today.

This peremptory removal of the entire population, or what remains of it, from one town to another is unexampled even in the present Belgian campaign. A great movement of troops is indicated by the suspension for yesterday and today of train service over a wide area east of Brussels.

IN AUTO WRECK TWO KILLED TODAY

G. W. Patison, Insurance Man,
Dead as Result of Accident at 11:30

CAR JUMPS DITCH,
HITS TELEPHONE POLE

O. M. Lovelady, Barber, Has
Bones Broken and Died
at the Hospital

DEAD—George W. Patison,
live stock insurance agent,
formerly of 301 West First
street.

DEAD—O. M. Lovelady,
barber, of 312 Ross street.

While going at a high rate of speed an auto careened off Newport Beach boulevard at Hollerino. It jumped a ditch twelve feet wide without hitting bottom, tore through a telephone pole and came to a stop 170 feet from the point where it left the road.

In the machine, which was being driven from Newport Beach toward Santa Ana, were O. M. Lovelady and G. W. Patison, an insurance man.

Patison's head was crushed and his left arm broken. Lovelady's legs were broken and he was otherwise severely injured.

That the car was being driven at a high rate of speed is evident from the condition of the telephone pole, which was broken off at the ground and literally torn to splinters, and the condition of the automobile, which was damaged almost beyond repair.

All the tires on the wheels of the car were intact when the car came to a halt with the exception of the right rear tire. This fact leads to the supposition that the car became unmanageable as the rear of the right rear tire blowing out.

Two or three men, among them F. R. Watts, arrived at the scene of the wreck almost immediately after the accident. Watts was at work in the field north of the Newport road near the wreck. He was not able to state clearly just how the wreck occurred. He stated this afternoon that the accident happened so quickly that it was impossible to tell just how it took place.

That the wrecked machine came to a halt where it did, in an upright position, is remarkable. Opinions differ as to whether the car rolled over after it hit the telephone pole. There were no marks on the machine which would indicate that it rolled over.

The wreckage frame was not bent and there were no signs of earth upon it, which fact seems to indicate that the car was in an upright position during its course after it left the road. A narrow and a wide tire track made by the machine as it left the road make it appear evident that a blowout of the right rear tire was responsible for the catastrophe.

George W. Patison, for the past year and a half, has been living at the house of J. W. Norton, 301 First street. About four months ago he was married, and recently he and his wife have been living in Los Angeles. Patison has a small daughter who lives with Patison's divorced wife at Orange.

Lovelady died at 3 o'clock at the Santa Ana Hospital. Lovelady's barber shop is on West Fourth street. Lovelady has lived here for a number of years. He leaves a widow, a son, Tom, and a daughter, Theona, who is a student in Los Angeles.

40,000 BELGIANS ORDERED TO MOVE BY THE GERMANS

Rotterdam, Nov. 23.—Curious and significant news has been received to the effect that the inhabitants of St. Nicholas, a town with a population of nearly 40,000 and an important railway junction southwest of Antwerp, have been ordered by the German authorities to leave immediately. They have been offered vacant houses at Antwerp, which might be occupied by today.

This peremptory removal of the entire population, or what remains of it, from one town to another is unexampled even in the present Belgian campaign. A great movement of troops is indicated by the suspension for yesterday and today of train service over a wide area east of Brussels.

OVERWHELMING VICTORY IN VISTULA-WIRTHE REGION IS CLAIMED BY RUSSIANS

OFFICIAL CLAIMS MADE
PROGRESS OF THE WAR

FRENCH
PARIS, Nov. 23.—The following official communication was issued last night:

"There has been a violent bombardment of Ypres, during which the market place and the town hall were destroyed. In the region of Soissons and Vailly there was rather strong cannonading. There is nothing to report from the other parts of the front."

AUSTRIAN
VIENNA, Nov. 23.—The following official communication was issued last night:

"We and our ally continue our attacks successfully in Russian Poland. Several counter attacks by the enemy have been repulsed. So far the Austro-Hungarian troops have captured 15,000 prisoners. An important battle is proceeding west of Donajec (Galicia) and in the Carpathians. Our patrols in the last two days captured 2440 prisoners. The number of Serbians captured since November 6 totals 13,000."

RUSSIAN
PETROGRAD, Nov. 23.—The following official report from general headquarters was issued last night:

"The fighting between the Vistula and the Warthe continues with great persistence. We have obtained some partial successes. The fight on the front of Czenstochowa Cracow have resulted in no essential changes. We have taken 2000 prisoners and some machine guns. In Galicia the Austrians have evacuated Novy-Sandez under the pressure of our troops."

TURKISH
LONDON, Nov. 23.—Reuter's Constantinople correspondent gives the following official Turkish statement:

"The Turkish troops have reached the Suez Canal. In fighting near El Kantara the English suffered heavy losses and fled."

GERMAN
BERLIN, Nov. 23.—An official communication by the German general army headquarters says:

"In the Eastern war theater the situation remains unchanged. In Poland we still are fighting for victory. The fighting south of Plock and at Czenstochowa continues."

GREAT GALE MAY HAVE CAUSED 50 DEATHS

Lake Superior Steamers Lost in
Storm; Wreckage Points to
Lake Disasters

DETROIT, Nov. 23.—Advices today from Lake Superior points has caused the belief that more than fifty persons perished in the great gale sweeping the lake during the last days of last week. Accumulating wreckage shows that the steamer Curtis and her barges, Marvin and Peterson, were undoubtedly lost. The number of the Curtis crew was twenty-eight.

It is believed the steamers Sinaloa, Nipigon and Nisikow were also lost with their entire crews.

Sinaloa is Safe
SAULT STE. MARIE, Mich., Nov. 23.—The steamer Sinaloa is reported safe at Bete Gris. No word came from the steamers Nipigon and Nikow. They are believed lost. Eighteen bodies have been recovered from the wreck of the steamer Curtis. Ten have been identified.

HUTCHINS WILL CASE
IS HEARD AT CAPITAL

WASHINGTON, Nov. 23.—Hearings on the contest over the last of three wills left by the late Stilson Hutchins, involving an estate estimated to be worth \$4,000,000, were opened before Justice Anderson in Criminal Court No. 2 here today. The will attacked was drawn up October 26, 1910, leaving the widow, Mrs. Rose Keeling Hutchins, and a son, Walter Stilson Hutchins, thirty-five per cent each and Lee Hutchins twenty per cent, the balance going to a grand-daughter. Lee Hutchins is contesting the will, charging undue influence and mental incapacity on the part of his father.

KAISER EXPECTS GERMANS HALTED TO WIN ON VISTULA WITH HEAVY LOSSES

Says Battle in Russian Poland
Not Yet Decided; Battle Line
500 Miles Long

BERLIN (wireless via Sayville), Nov. 23.—Confidence was expressed in the official government statement today of a decisive German victory in the present series of battles in Russian Poland. Both German and Austrian troops, the statement said, continue to fight with the utmost bravery and skill. Though a decisive stage has not yet been reached, it is claimed by the statement that indications point to a decisive success.

The report that a conflict is progressing west of Donajec is indicative of the tremendous extent of the territory involved. The actual battle-line is 500 miles long in an air-line, and the zigzagging of the two main battle fronts has greatly increased this.

Several battles are raging in the Carpathian mountains.

Dispatches from Constantinople said that fighting between the British and Turks in the vicinity of Suez Canal continued today. The Turks claim to have captured many prisoners in two engagements. It is not believed here, however, that many are engaged on either side.

BERLIN (via The Hague), Nov. 23.—Answering the Russian claims of victory in Russian Poland, the German war office today officially announced that the engagement is still progressing, with the decisive stage not yet reached. The report asserted confidence in ultimate German success.

SCHOONER ASHORE AT DUTCH BAY REEF WITH FIFTY ABOARD

SAN FRANCISCO, Nov. 23.—That the steam schooner Haniel, bound from Eureka to San Francisco, has gone ashore on Dutch Bay Reef between Bonita and Point Reyes, and that the passengers and crew are in grave danger, was the text of a wireless report received late today at the South Side Life-saving Station. A revenue cutter and life-saving crew immediately started for the scene.

The Haniel is supposed to have gone ashore in a dense fog. The schooner is in command of Capt. J. J. Kelley, with a crew of thirty and twenty-eight passengers. It is the property of the Independent Steamship Company.

ENJOINS OPERATION OF MINIMUM WAGE LAW

ST. PAUL, Minn., Nov. 23.—Judge F. M. Catlin temporarily enjoined the operation of the State Minimum Wage Commission which was ordered into effect today. The minimum wage scale was \$9 weekly for women.

FRENCH COLUMN IS WIPED OUT AFTER BEING AMBUSHED

MADRID, Nov. 23.—Returning to Karifa from an expedition against North African rebel tribesmen, an entire French column under Colonel Laverdure was practically obliterated, according to a Tangier dispatch today to El Imperial, a newspaper published here. The French, reported as having been ambushed, lost thirty-three officers and about 600 men. The rebellion is reported as of the most serious nature.

JAPANESE FOUND DEAD:
SUICIDE OR MURDER?

LOS ANGELES, Nov. 23.—Choked to death by a necktie knotted about his neck, George Ikeda, a prosperous Japanese, was found dead in a quince orchard located in the southwestern part of Los Angeles, this morning. The police are trying to determine whether the case is one of murder or suicide.

PETROGRAD, Nov. 23.—"It is merely a question of how many Germans escaped," was the assertion made in the war office reports today claiming an overwhelming Russian victory between the Vistula and Warthe rivers in Russian Poland. The German advance is declared to have been completely checked with the heaviest of German losses. Twelve thousand prisoners are reported having been taken at Kutno.

A bloody battle is still raging between Czenstochowa and Cracow.

Russian success in East Prussia was claimed this afternoon. The war office said that after five days of hard fighting the Russians had taken Gumbinnen. The statement said the Germans had been routed by a Cossacks' charge and had retreated toward Insterburg. Continued progress is reported in the Mazurian Lake region.

LONDON, Nov. 23.—Eighty-thousand Germans and 200 guns, mostly of the 13-inch bore, have passed Capelle and Svenendeel en route to the front during the week-end, according to a dispatch from Rotterdam. The report said the guns were accompanied by engineers from the Krupp plant. Fifty automobile loads of engineers are reported as traveling westward toward Ghent.

PARIS, Nov. 23.—"Violent German bombardment of Ypres, Soissons and Rheims is in progress," the Bordeaux war office announced in this afternoon's communication. "The shelling of Ypres on Sunday was exceedingly hot. The cathedral was damaged and many houses were burned. Fierce fighting is in progress in the Argonne region."

LIMA, Peru, Nov. 23.—Chilian newspapers received here today declared that the Chilean government has determined to stop any possible violations of Chile's neutrality by Germany, even if war resulted. Germans are charged with establishing a naval base outside of Valparaiso, where they assembled several vessels with coal and supplies for Von Spee's squadron.

7,500 POUNDS OF ABSORBENT COTTON FOR WOUNDED TROOPS

NEW YORK, Nov. 23.—Seventy-five hundred pounds of medicated cotton awaited shipment today to Vienna by the Foreign Mails Department. Each package was labeled "For wounded soldiers at Vienna."

The bundles began arriving Thursday, and by Saturday 300 sacks had arrived. At noon today 300 sacks had been packed with shipments from the Middle Western and Eastern states.

The Pacific coast has not had time to respond to the appeal. A separate shipment will be made of the cotton arriving from the coast. The packages are of all sizes from one ounce to an entire sack. They will be sent through the St. Paul News. Every state east of the Mississippi is represented.

CHICAGO STOCK EXCHANGE OPENS

CHICAGO, Nov. 23.—The Stock Exchange reopened here today. Business was normal, and predictions that heavy selling was certain, proved groundless. The exchange committee fixed a minimum price at which stocks are to be traded in. This was the closing price on July 3, less any dividend declared since then.

RALPH FARISS REPRIEVED
SACRAMENTO, Nov. 23.—Governor Johnson has reprieved Ralph Fariss, known as the Southern Pacific bandit, from November 27 to January 15, on representations by counsel.

SOUND DRUBBING IS HANDED ORANGE

Poly Seconds Show Citrus Boys
Fine Points of Football,
39 to 0

The Orange high school gridiron squad was defeated by the Santa Ana Polytechnic high school second team Saturday by a 39 to 0 score. This is the first season in three years that Orange has played the game and Saturday's was the first game with the local seconds.

The Citrus City team showed up well, considering the little experience they have had and on the first few downs it looked as if the locals had more than they bargained for.

The first touchdown was made on a forward pass from Trago to Plavan. The other touchdowns were made by forward passes and line bucks.

On one occasion Trago went through and ran two-thirds of the field length, a remarkable thing about the play being that there was only one man after Trago. Every other man on the team had a man, which showed first class team work, every player doing his part.

Trago, Paul, Keeney and Robinson displayed considerable football knowledge in making yards. Plavan and Plavan distinguished themselves on being able to pick the pigskin out of the ozone.

Davis showed some science in placing and kicking goals. Every man on the line, from end to end, did his part and played the game so well that Coach Cheely had nothing to complain of when the Orangites' scalps had been hung in the "shack."

Among those of the Orange squad who showed up well were, Camfield, Stanfield and Mitchell.

The line-up was:

Davis, Utter	REL	Eccles
Westgate	RTL	Stanfield

Sengstock's Single Wins in Twelfth

Moose Defeat Pacific Electrics in Hard Fought Game, by Score of 4 to 3; Fracas Proves One of the Most Interesting Games Even Seen in Santa Ana

A single by Sengstock in the twelfth inning of a game played yesterday afternoon between the Los Angeles Pacific Electrics and the Santa Ana Moose was responsible for breaking up the proceedings and resulted in a 3 to 4 score in favor of the home athletes. The melee was one of the most hotly contested and interesting of any ever seen on a local diamond. The Stags conducted themselves with much brilliancy throughout the pastime. Not a solitary error was chalked up against the locals, who, without exception put on an exhibition of fast and clever fielding. Duhart was one of the star performers of the day, he having six assists to his credit.

Local fans are certainly getting their money's worth at Moose Park nowadays, extra innings being the rule rather than the exception. The longer sessions are caused, in the main, by the first-class work being done by the players, as well as by opposing clubs.

Herbert Salversen ran true to form in yesterday's fracas, in that he loosened up when the pastime was about half over, allowing three alien tallies to be amassed. It seems that the Fullerton hurler needs to allow opposing clubs to annex two or three runs along about the fourth or fifth inning before he buckles down to business and holds the foe down acceptably.

A trolley man by the name of Bouett was responsible for the local aggregation garnering for the local aggregation a jaunt across the home plate in the third frame. Freeman walked and West, who was of considerable assistance to the locals upon various occasions yesterday, sacrificed by laying an artistic bunt along the third-base line. Salversen was safe on Bouett's error. Sengstock fanned. Duhart hit an easy out to Bouett, who juggled the bulb, scoring Freeman.

It was in the sixth that Salversen decided to give the opposing bluejackets a chance in yesterday's divertissement. Schneider advanced to the plate and massaged the horsehide for a mighty double. Barta delivered a base knock. Seeing a wonderful opportunity to bring home the bacon, Bender affiliated himself with one of Salversen's offerings for a terrific triple, scoring Schneider and Barth. A single by Peppin scored Bender. Duhart grabbed Arrelanes' grounder, stepped on second, putting off Peppin, and threw to Leake, completing a fast double.

In the seventh department Stevens fouled to Peppin. Leake singled. Callan fanned. Leake stole. The burly Freeman sauntered up and pried out

a healthy double, scoring Leake. In the eighth Salversen prodded the sphere for a nice single to the right of center. Sengstock popped to Butler and Duhart fanned. Brown got in the way of one of Jack Halla's smoke balls, taking first. Stevens, who may generally be depended upon to give a first-rate account of himself at critical junctures, again made good by biting out a robust double, scoring Salversen and making the score 3 and 3.

Good fielding and unlucky swatting were responsible for no runs from the eighth until the twelfth, both sides battling furiously. However, the crowd of bleachers in favor of the Stags, began to murmur with delight when Freeman hit. Butler, who had been in the West, stepped out a feint single. Sengstock tapped between right and center, Callan raced home and the carwashers went down to defeat for the first time since they have been invading the territory.

men were simply played out. They have reached their full strength again.

Pasadena reached its height in the San Diego game. Since then Sey's men have been slumping. They reached their low ebb against the Pomona freshmen. Coach Sey was encouraged by the Friday night practice and hopes to be out of the slump Thanksgiving day.

Chaffey Union and Santa Ana started late. Santa Ana reached its height in the Long Beach and Pasadena games. The Celery men are about due for their slump now. Chaffey Union is just beginning to go.

Pasadena and Santa Ana stand a chance of being defeated, which means that Long Beach may be the champions. Pasadena will have to be in top form to defeat the Beachmen. A new half and new life has made them dangerous again.

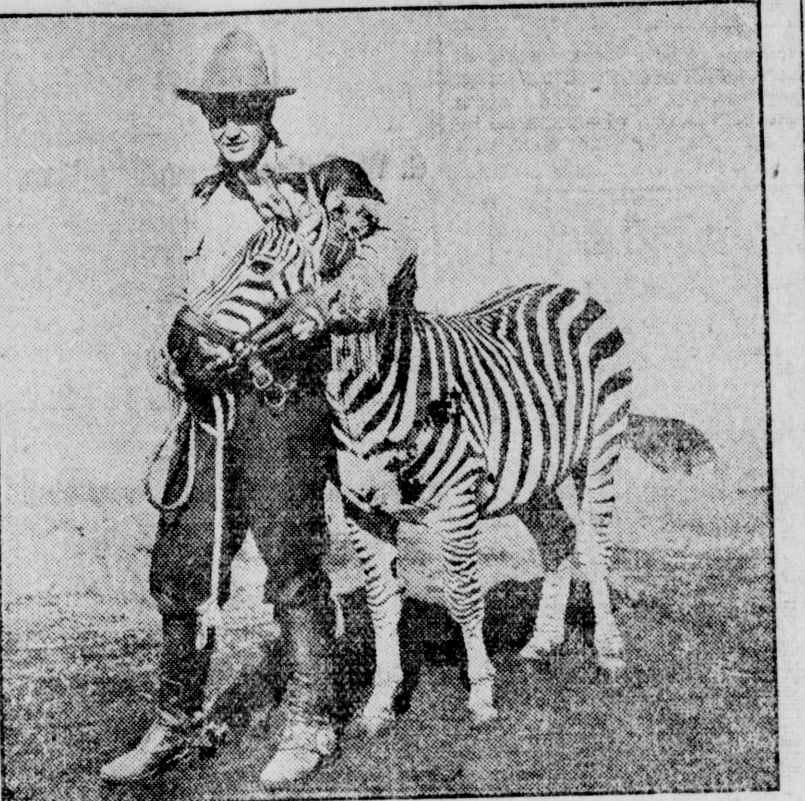

Chaffey Union is clever. They kept Long Beach from crossing their goal line, just what Santa Ana did. Place kicks may win for the Celery men again.

MITT ARTISTS MEET TONIGHT AT CLUB GYM

Jimmy Lastro and Jimmy Hanlon will come together in the ten-round main event at tonight's boxing show at the Athletic Club. The boys are well trained and in the best of condition. Lastro, since his victory over White, seems to be a little the favorite, but tonight's battle will tell the tale.

Frankie Burns and Len Powers will meet in a six-round semi-windup. Powers taking the place of Dalton. These boys are two of the best available for the shorter bout and it looks as though the fans were due for a real treat.

In the preliminaries Frank Ocampo meets Buck Olaverty, while Oran Snodgrass ties up with Jimmy Arronsez in a return match. These boys

BARNES WILD ANIMAL CIRCUS WILL BE HERE THURSDAY, 26

The big, sensational, thrilling number on the program presented by the Barnes Wild Animal Circus, is a lion act, in which twenty-four full-grown, jungle-bred African lions are assembled.

The group represents the very acme of lion perfection as to size, appearance and training. The herd, if placed on the market, would quickly sell for \$50,000, the normal price for a full-grown male being \$2500. These lions are unquestionably the finest specimens in captivity and are also the best trained lions known.

The twenty-four man-eaters are turned loose at one time in the big steel-barred arena in the center of the tent, one lone trainer in their midst. Herr Roth is the man—a trainer of lions of international fame, and the control he exercises over the ferocious beasts is certainly remarkable.

Crowding his way among them, armed only with a small whip, he proceeds to put the animals through a score of different poses and pyramids; mounts one of the largest on a high pedestal and then straddles the snarling animal's back; feeds another raw meat from his naked lips; places his head in another's mouth; arranges the entire lit in a great pile on the floor and lies on the topmost one.

The spectacle is thrilling to an extreme. The act ends with the lions doing a free-for-all hurdle race around the arena.

Should anyone attending the show not care to witness the many thrilling wild animal acts, they can turn their attention to the features in which large troupes of dogs, monkeys, beautiful horses and ponies and many other domestic animals are shown. Beautiful, prancing high school horses do the late popular dances, marches and poses. Arabian and Shetland ponies assemble in brilliant military drills. Fifty dogs and monkeys do a line of tricks, acrobatics, high jumping and diving. Rocky Mountain goats give exhibitions of their dexterous climbing abilities. Also, one of the most marvelous acts known to dumb animal training is the sea lion group, these animals performing feats never before shown.

Then there's the laughing section, a comedy aggregation of fifty comedy elephants, bears, dogs, monkeys, ponies, mules, etc. Every phase of trained animal entertainment is provided by the Barnes Circus.

A glittering mile-long parade is presented to the public at 10:30. Performances will be given in Santa Ana at 2 and 8 p. m. on Thursday, November 26.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes.

Get a small bottle anyway, just to try it—apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the

nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharge and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement

Try This for Your Cough

Thousands of people keep coughing because unable to get the right remedy. Coughs are caused by inflammation of Throat and Bronchial Tubes. What you need is to soothe this inflammation. Take Dr. King's New Discovery. It penetrates the delicate mucous lining, raises the Phlegm and quickly relieves the congested membranes. Get a 50c bottle from your druggist. "Dr. King's New Discovery" quickly and completely stopped my cough," writes J. R. Watts, Floydale, Texas. Money back if not satisfied, but it nearly always helps.—Advertisement.

SEARCHING FOR AGED BEACH RESIDENT

Man, Partly Paralyzed, Dis-
appears With About \$200 in
His Pockets

Los Angeles, Huntington Beach and Anaheim police officers last night began a search for I. Eligendoch, 80 years of age, of Huntington Beach, who yesterday disappeared from his home with about \$200 in his pockets. Mr. Eligendoch is partly paralyzed.

With Mr. and Mrs. Holley, with whom he lives, Mr. Eligendoch early yesterday morning went to Anaheim to visit friends. During the day the aged man left Anaheim while his friends were away from the house for a short time. About noon he arrived in a taxicab at the Huntington Inn, where he ate dinner, and before leaving told Mrs. Alma E. Brainard, the owner of the inn, that he was on his way to San Francisco. Mr. Eligendoch then asked for assistance in boarding a street car for Los Angeles.

According to R. E. Linden, the constable at Huntington Beach, the missing man is unable to walk and is slightly demented.

ORANGE

THE PYTHIAN SISTERS WELL ENTERTAINED

(By Staff Correspondent)
ORANGE, Nov. 21.—The Pythian Sisters were delightfully entertained at the home of their most excellent chief, Mrs. Elsie Wood, last evening on South Orange street.

The affair was planned as a farewell for Mrs. E. A. Latimer, who will soon leave to make her home in Santa Ana.

The house was prettily decorated in poinsettias and ferns. The evening was made lively with games and guessing contests. Mrs. Murdoch was a prize winner and Mrs. Parker carried off the consolation in one of the games. At 10:30 an elegant lunch was served after which the guests left for their homes wishing Mrs. Latimer

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and
Sulphur Recipe and Nobody
Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy and abundant.

much success in her new home.

The Ladies' Bible Class of the Methodist church spent yesterday at the home of Mr. and Mrs. Thornburg near Olive.

They spent a very enjoyable day, piecing quilts and were served with a very delicious and substantial dinner. Those who brought the ladies out to the Thornburg ranch in automobiles also came in for a measure of appreciation from the guests.

Twenty-two were present, as follows: Mrs. Mary E. Hoffman, Mrs. E. Rice, Mrs. F. E. Vay Way, Mrs. E. Coate, Mrs. H. A. Bennett, Mrs. Jane Mather, Mrs. C. Bailey, Mrs. M. O. Coleman, Mrs. F. E. Parsons, Mrs. Todhunter, Mrs. Stinson, Mrs. Hough-taling, Mrs. Clapp, Mrs. Simmons, Mrs. Harrod, Mrs. Wood, Mrs. Whitsell, Miss Beulah Whitsell, Mrs. Kauff-man, Mrs. Thornburg and daughter, Mabel.

The Friday Afternoon Club was entertained yesterday at the home of Mrs. Eugene Livingston on West La Veta avenue.

Fancy work and sewing occupied a pleasant and busy afternoon. Refreshments were served before the guests departed.

Those present were Mrs. L. A. Stolp, Mrs. E. W. Pohlmann, Mrs. E. A. Cummings, Mrs. M. J. Clark, Mrs. Aaron Ingalls, Mrs. Ira L. Stolp, Mrs. Eugene Livingston.

The next meeting will be held with Mrs. E. W. Pohlmann on South Batavia street in two weeks.

An exceptionally large attendance marked a meeting of the Fraternal Aid Union at Odd Fellows' hall Thursday evening when the Friendship Section of the lodge staged its contest program with much success. Among those present were four of the members who had not attended lodge for years.

Special Organizers I. E. Lee and J. S. Simons of Los Angeles were present and a very lively business meeting opened the evening. Several applications for membership were received and four candidates were initiated.

After the business session the Friendship clan got in its work and boosted its prospects for winning materially. The orchestra selections, readings by Mrs. A. D. Bishop and Mrs. S. G. Unland, instrumental numbers by Crockett Riley and a solo by Carl L. Conway which brought resounding applause were features of the program which deserve special mention.

Refreshments were served to conclude the evening. The dining room was very prettily decorated, the tables bearing sprigs of holly.

The members are urged to attend a special meeting of the lodge which will be held next Wednesday evening at 7:30 in the I. O. O. F. hall.

The Light Manual Arts basketball team of Los Angeles fell before an avalanche of field goals last evening and were beaten by the Orange Athletic Club by a score of 77 to 19. The game was played before a small crowd on the local court.

The locals were in great form after their slump of last week and dazzled the visitors with their speed in passing the ball. Pine, Samis and Thompson ran a score of 50 points to Manual's 10 in the first half. An entire team of substitutes took up the burden in the second half and continued the scoring.

Harry Hill, superintendent of high school and college Y. M. C. A. work, gave a fine talk at the O. U. H. S. yesterday morning. He spoke of the need of clean speech and clean sports in the high school. His remarks were very much enjoyed by the students.

Mr. and Mrs. W. O. Hart and J. F. Craemer motored to Los Angeles this afternoon to witness the Pomona-Occidental football game.

D. A. Blank and family motored to Long Beach to spend today.

Many Orange people motored to Huntington Beach yesterday to attend the Huntington Beach-Orange basketball game.

The Misses Hilda Kirchoff, Tony Ristow, Rosie Krueger and Mathilda Bandick of Orange and Misses Gertrude Roemer and Arlie Cravath of Santa Ana started this morning on a hike to the Orange County Park.

They took lunches with them and were prepared to make a day of it.

Miss Hazel Crawford left last evening for Butte, Willow, Kern county, for a visit with the C. B. Crawford and J. W. Morgan families.

Mr. and Mrs. E. S. Harris, who moved to Temescal the 4th of this month, have returned to Orange. They will either locate in Orange or Villa Park.

Mrs. M. C. Schock has been entertaining Mrs. Kelly of Lopez, Penn., and Mrs. Arntz of Pasadena for several days.

Miss Hattie Hunsinger of Coderport, Penn., is visiting her uncle, C. F. Hunsinger and family on East Chapman avenue.

Mr. and Mrs. Henry Meier have returned from San Jacinto where they spent several days visiting friends.

Mr. and Mrs. A. J. Sanders of North Grand street are spending two weeks with their son, Frank Sanders and family, and other friends in San Jacinto.

W. A. Smith and family of Camden, N. J., have arrived here and expect to locate in this vicinity.

SAN FRANCISCO, Nov. 23.—John O. Davis, collector of the port of San Francisco, today took up officially the reported delivery by the steamship Sacramento of provisions to the German fleet.

Admiral C. F. Pond, director of neutrality of the port, will also take up the same matter with the Navy Department in Washington.

Collector Davis will inquire into the manifest and destination of the steamer Olson and Mahony, recently chartered to a company known as the Golden Gate Transportation Company.

Collector Davis said that the nature, destination and consignee of the Olson and Mahony cargo will be inquired into today.

FULLERTON

PROPOSE PAVING ON BREA ROAD TO MEET COUNTY'S HIGHWAY

Chamber of Commerce Ready
to Back \$35,000 Bonds for
the Project

Fullerton Tribune: The Chamber of Commerce met Friday night in special session for consideration of the question of paving the Brea road to connect with the Brea highway now being built.

President Shephardson called the meeting to order and Secretary Marquant being absent, T. R. MacDonald was chosen to act instead, whereupon the Brea road matter was taken up for discussion.

W. J. Renshaw advised the members that from estimates and data gathered on the subject, the cost of the work would be in the neighborhood of \$35,000 for the completed road north to the city limits.

E. K. Benchley voiced the sentiment of the entire assembly when he stated that the building of the road at this time was of vital importance to the welfare of Fullerton and ought to receive the endorsement and vote of every man interested in the city's growth.

Upon motion, duly made and seconded, it was unanimously voted to draft a petition to present to the Trustees at their next regular meeting, embodying the sentiment of the Chamber and urging the Trustees to call a special election to vote bonds for the immediate building of the road, declaring in said petition that the welfare of the entire city of Fullerton is at stake in this matter and the completion of the road at once an absolutely necessary step in holding the Brea good will and business.

The following is a copy of the resolution:

Resolved, The Highway Commission of the County of Orange, has let the contract for paving the county road at Brea, from the northerly city limits of the city of Fullerton north, to the Orange county line, and:

Whereas, That portion of the Brea road in the city of Fullerton, from the northerly city limits to Spadra road will be the only unpaved section of said road, and;

Whereas, The residents on the north side of Brea road, and many other residents of the northern part of Orange county have requested the Board of Trustees of the city of Fullerton to pave that portion of the Brea road in the city limits, and;

Whereas, We believe it is for the best interest of the city of Fullerton to pave said portion of said road;

Therefore, It is hereby resolved by the members of the Chamber of Commerce of the City of Fullerton, that said Chamber does recommend to and request the Board of Trustees of the City of Fullerton that an election be held in the City of Fullerton as soon as possible for the purpose of voting upon the proposition to assess bonds in sufficient sum to pave the said portion of the Brea road above described and the members of the Chamber of

AN OBLIGING SHARK HAULED ON TO PIER

Huntington Beach News: John A. Hajek, one of the best known fishermen in Huntington Beach, who travels around in a wheel chair, had an experience while fishing from the pier, Tuesday, that perhaps no other fisherman ever experienced or ever heard of.

Mr. Hajek is an elderly man and spends much of his time fishing from the pier. Tuesday afternoon he was at the outer end of the pier when an oil shark was attracted by the bait he offered and grabbed it and started to make way with the whole works, but Mr. Hajek objected, and for some time worried his sharkship, but Mr. Hajek said to himself that he would never be able to land a fish of that size. While Mr. Hajek thought the expression was a mental one, the shark evidently heard it and concluded that he might just as well pass in his checks then as at some future time, so he let loose of the hook and wrapped the line around his tail and signaled Mr. Hajek that he was ready, and the fish was landed with little difficulty. The shark was about 30 inches long and probably weighed six or seven pounds. The line was wrapped so tightly around the tail that the marks were in evidence long after the shark had been landed on the pier.

The occurrence is considered a very peculiar one and one that might not happen again in a thousand years. Of course, the statement about the shark signaling to Mr. Hajek may be largely imaginary; otherwise, the narrative is a true fish story.

NEW CONGREGATIONAL PASTOR IN MINISTRY EIGHT ACTIVE YEARS

According to Present Plans,
Will Occupy Pulpit Here
on December 6

One week from next Sunday the pulpit at the First Congregational Church will be occupied by the congregation's new pastor, Rev. Perry Frederick Schrock, who will arrive in Santa Ana in a few days from Salem, Oregon.

In his short stay in Santa Ana recently, Rev. Schrock made friends of

the Epworth League of Spurgeon Memorial Church of Santa Ana gave a splendid service at the local church on Sunday night. The program consisted of songs and short speeches. The topic discussed was "All for Christ." It was an excellent service.

Rev. A. B. Waldrep and wife motored to Los Angeles Thursday and returned Friday. They visited Rev. Wm. J. Butschek while in the city.

Chas. F. Ward and Emil Lecravian motored to Corona last Sunday and spent the day.

Thos. Boyd of Los Angeles has been visiting relatives in this vicinity and spending a part of his time hunting ducks.

U. G. Burns and wife of Bolsa visited their son, Holbert, at San Bernardino for a few days this week.

Next Sunday night, November 29, Mr. Howard of Los Angeles will give an illustrated lecture at the local church on the "Life of Christ." The public is invited.

Those he met. That seemed to be one of his characteristics—making friends quickly. Those who met him were impressed with his enthusiasm and personality.

Though still a young man, Rev. Schrock is known in the Congregational ministry as a successful pastor.

Ohio is his native state. He is a graduate of Berea College, Berea, Ky., of the class of 1902, and also a graduate of Union Theological Seminary, New York City, of the class of 1906.

After graduation from Union he was ordained in his old home church at Ashtabula, Ohio, on June 6, and was married to Miss Lucy Van Horne at Seyersville, Ill., on June 21 of the same year. The newly ordained minister and his bride went immediately to Deer Park, Wash., where they remained until January 1, 1912, when they went to Salem.

Rev. and Mrs. Schrock have one child, Frederick, aged 5 years. Mrs. Schrock will arrive here a few days after her husband, as she will stop off for a visit with a sister at Auburn, Cal.

TALBERT

SOON TO SHIP THEIR CELERY

Crop and Price Not Up to Last
Year; Talbert is Busy
Plowing

TALBERT, Nov. 23.—The celery growers are making good use of their time now banking their celery and some are getting ready to cut. The crop is not as good this year as it was last year, neither is the price expected to be as good. However, the growers are encouraged over the prospects of the late crop.

Contractor Talbert seems to be the busiest man anywhere in this section of the county. He is having calls every day for big contracts and he is using all the men available at the present time. Mr. McFadden called up the other day from near Santa Ana and wanted 295 acres of land plowed near the Santa Ana sugar factory.

The surveyors were through here this week looking for the old stakes in the road and putting in new stakes for the boulevard. Mr. Chapman, the assistant surveyor, is looking after the work.

Mr. Alfred Vaughn, who has been working on the Talbert ranch for the past few months and who was forced to leave his property in Mexico on account of the war, has returned to investigate the advisability of returning to his ranch and pursuing his work.

Early in the week Harold Swift, Earl Lamb and Floyd Jones went on a hunting trip down in Imperial Valley to be gone a few days.

The week-end visitors at the home of Mrs. M. A. Nimmo are Mrs. J. H. Abbott and Mr. Plumstead, both of Los Angeles.

A. F. Swift and wife went to Bell Station Thursday evening to visit friends and relatives there.

J. F. Linthicum of Long Beach and Mr. and Mrs. Bert Sterns of Huntington Beach were visitors at the home of C. E. Lewis this week.

Mrs. D. Pickett of Long Beach and her daughter, Mrs. T. R. Dawson, of Los Angeles, visited at the home of Roy Manley this week.

WHITE SLAVERY TO BE THEME TONIGHT

Dr. F. H. Essert to Address
Mass Meeting at United
Presbyterian Church

Dr. F. H. Essert of Denver, Colo., president of the International Anti-White Slavery Association, will address a mass meeting tonight at 7:30 o'clock at the United Presbyterian Church on the theme of "White Slavery." All are invited to attend this meeting and become informed of the dangers that menace the young of this land.

This afternoon at 3 o'clock, Dr. Essert addressed a meeting for women only at the South Methodist Church, and yesterday afternoon he addressed an audience of men at the First Methodist Church. He made a great address at yesterday's meeting, a large number of men being present to hear him. The men were thoroughly aroused to the magnitude of the evil that is to be grappled.

It is expected that a large audience of both men and women will greet Dr. Essert tonight at the United Presbyterian Church.

SEX HYGIENE IN THE PUBLIC SCHOOLS

Since the departure from Santa Ana of Mr. Hamilton, for several years general secretary of the Orange County Y. M. C. A., we have no militant and probably no enthusiastic advocate of the teaching of sex hygiene in the schools. But the question as to the advisability of doing so is a live one and it has been seriously considered if not very generally discussed by thoughtful people of this city. Indeed there has been of late years and months a very general consideration and discussion of this question throughout the country.

This discussion, it seems to us, is not of much value in deciding the question, to teach or not to teach sex hygiene in the schools, except to the extent that such decision may properly and justly be based upon public or popular opinion, which, as a rule, is of little value in scientific matters.

The advantage of increased knowledge for the children, as well as the practical difficulties of presenting this subject properly, have been commented on from various points of view. There has been little effort, however, to secure an expression of opinion from those vitally interested, namely, the parents and the children themselves. For this reason, the report of the Bureau of Research of the Upper Peninsula (Michigan) Educational Association, recently issued, is of interest. This bureau was organized to make a direct study of the schools of the Upper Peninsula of Michigan, their equipment and their methods and material for study. It is at present endeavoring to discover the points of strength and weakness of the schools, as judged by the parents and others interested in them. The report just issued is divided into four sections—moral education, physical education, industrial education and general. The basis for the report is the individual opinions of 317 representative citizens. Under the first head, among many other subjects discussed, the question was asked of parents: "Do you believe that sex hygiene should be taught in the schools?" To this question, ninety-two replied "yes," while 175 opposed such instruction; six made qualified replies. Commenting on these answers, the report says that the replies indicate that patrons of schools are not ready as yet to have sex hygiene taught in the schools. "Doubtless but few teachers are qualified to teach the subject well," says the report, "and to teach it poorly would be much worse than not to teach it at all." The bureau also endeavored to get the point of view of the pupil. At Houghton, two lectures on sex hygiene were given to boys and two to girls. Some time after the lectures, the boys and girls were segregated and were asked: "Did you learn anything of value at the last lecture on sex hygiene?" Ninety boys stated that they had learned something of value and eight that they had not, while fifty-four girls regarded the lecture as of value and twenty did not. When asked: "Do you favor another lecture?" eighty-five boys were in favor of further instruction and thirteen were opposed to it, while forty-four girls were in favor and thirty were opposed to the proposition.

However, the The Journal of the American Medical Association points out, the report does emphasize the points which have been previously brought out; until we know what should be taught pupils at different ages, until we have formulated a definite graded course of instruction and have trained teachers to give this instruction, the proposition for teaching sex hygiene in the public schools should be approached with the utmost caution. In no case should an effort be made to force such instruction on the pupils or on the community. When the parents of children are convinced, by a large majority, of the advisability of such instruction, it should be provided. Premature efforts to place such subjects on the school curriculum in advance of public opinion can only cause misunderstanding and trouble.

PENAL CODE ALL WRONG

Dr. Woods Hutchinson

(An Interview)

Penitentiaries and criminal courts deal with so-called crime the wrong way. So-called criminals are merely mental defectives. At Lansing and Michigan City, Mich., the physicians have found that ninety-five per cent of the inmates are defective mentally and in mentality are only fifteen years old or less.

"We've been proceeding on the theory that these men could be scolded and prayed and lectured into being good. We've been trying them to determine their responsibility. And the truth is they don't have any responsibility."

"Get rid of the criminal courts. We can defend ourselves against our enemies, but from our friends, God deliver us."

"All these men and women come into the world mentally deficient and they cannot win under competition, so they try other methods. Replace, then, the penitentiaries by industrial farms and schools, where the mentally deficient could be sent under indeterminate sentences, educated and made over, instead of punished with blows on the head or stripes around the body or years of incarceration. Let them out only when cured. In fifty years we'd almost be rid of criminals because of their failure to reproduce."

"Begin in the schools. Weed out there two-thirds of the so-called criminals—the mental defectives. The teacher can do it. Any sensible physician can do it in eighty-five per cent of the cases. The teacher knows when a child is not up to the mental standard. Take them, then, from the grade school and put them in the industrial school. That would cut off the supply of criminals, of tramps, of unfortunate women. For ninety per cent of these women are defective mentally, as investigation has shown."

"The industrial school would put those defective children where they could not reproduce. It would teach them, when something wrong has been done, not to do that wrong thing again. Instead, the criminal court punishes wrongdoing with a slap on the wrist, shuts the offender up for a while, but it does not stop reproduction. Society is interested in what a man may do, not in what he has done. Yet our system punishes for what has been done and doesn't guard against what may be done afterwards."

"The criminal court should be abolished entirely, and in its stead we should have courts to investigate sanity."

Educators' Freedom in Word and Act

CHRISTIAN SCIENCE MONITOR

Like Chicago, Boston and New York before it, Cleveland, O., is facing final settlement of the limitations on group action that must be accepted by teachers in the public schools of the city. That there are such limits has been pointed out in the past. On the other hand, it is becoming clear that in universities and colleges, as well as in other schools, an excess of laymen's domination through boards of education, boards of trustees and presidents having autocratic power, is forcing the teaching profession to self-defense. For details of the situation as it exists in the universities and colleges, and the extent to which formal organization of teachers has gone, nothing else quite so complete or authoritative has come to our notice as the article by Professor Warren of Princeton in the November Atlantic Monthly.

The result of this uprising of professors, on the one hand, as over against trustees, regents and presidents on the other, has been to induce several administrative boards to concede to their faculties partial if not entire control of matters that are distinctly those of scholarship and have to do with curricula or with additions to and dismissals from the teaching group. But this attitude is exceptional. It will become commoner if the organizations of collegiate and university professors, now in their first stages of resistance to arbitrary suppression of thought and speech, and to summary dismissal of teachers, take root and flourish successfully. Much will depend on the character of the reports that will be made to the American Political Science Association, to the American Sociological Society and to the Economics Association at their coming simultaneous

meetings at Princeton. These associations are bound to defend the interests of their members; and it is innovators in politics, economics and sociology that recently have had to bear the brunt of trustees' and regents' displeasure.

Looking the broad view of the situation, it is hardly likely that anything like a professorial trades union will be formed, or that academic institutions will see teachers' strikes. It is probable, we think, that the rights of the faculty as such to determine issues on which its members are experts and the laity are not, will be recognized and formally defined to a greater extent than in the past. At most, certainly some method will be worked out by which alleged offenders, dangerous thinkers and subversive persons may be removed from their positions after a judicial manner, and not summarily, as now, without trial by their peers or an opportunity to defend themselves. Meantime, some administrative heads are being taught that if they deal unjustly with professors they need not expect self-respecting and respected men to take the vacant places.

There can be substitution of license for liberty by occasional individuals even in the academic world; and for such persons administrators are under no obligation to provide or retain places. But the larger the measure of co-operative action and democratic feeling within the circle that includes trustees, presidents and professors, the smaller the likelihood that such instructors will find opportunity to teach or retain their posts after proved unfitness. Trust a faculty to open and shut its own circle, and we think, it will see to it that both the truth regarding its affairs and the truth teller get fair play.

Yale has started right, it seems, in employing Hinkley, who probably will be given carte blanche as long as he wants the job of putting the winning wallop, smash and punch into Yale's gridiron warriors.

ONE-MINUTE INTERVIEWS

What People Are Talking About

A. J. Crookshank: "It all depends on the war," said A. J. Crookshank of the Santa Ana Co-operative Sugar Company, when discussing the report that all of the sugar factories would close down before the 1916 campaign. "We have not definitely decided what we will do. If the war keeps up and a good price for sugar is maintained in spite of free sugar, we will operate in 1916. That is the only opening, however. With sugar on the free list it will be absolutely impossible for us to operate unless there is some abnormal condition in sugar prices, such as that caused by the war. Why, Cuba can make its sugar and land it in New York for the same money that we pay our farmers for sugar in the beets at the beet dump."

W. N. Prince: "The price of flour before the war was \$3.50. Since the great European conflict started the price has advanced to \$5.50. This advance is of invaluable benefit to the entire United States, as can readily be seen. Prices on other staples remain about the same as formerly. Potatoes and onions are holding up well in the markets. Onions, which for a while were down, are now bringing good prices."

H. H. Kelly: "Our exhibition of the Paige car which Louis Nikrent drove into second place in the Phoenix race created a great deal of interest here. There wasn't a minute during last Saturday when someone was not at the Cadillac garage, examining the car which got into Phoenix first. At times there were as many as twenty or thirty people standing around the racing car. The performances of the two Paiges in the Cactus Derby were certainly wonderful. The hood of Nikrent's car was not raised once during the entire race and he had no tire trouble whatever. Nikrent offered to drive the Paige back to Los Angeles over the same mud-strewn course, just to show that the Paige could do it, but Don Lee wouldn't stand for it. I had the car out yesterday and it was in perfect condition, which is remarkable when it is considered that nothing was done to the motor since it crossed the finish line at Phoenix."

Increase Your Wealth

by investing in land near

Templeton or Paso Robles

This locality has been producing a very superior quality of apples, pears, prunes, cherries, grapes, almonds, and walnuts without irrigation for many years, but it was only recently that any particular attention was paid to the development of the fruit and nut industry.

During the last year or two many thousands of acres have been set out by men from Southern California and orders have been placed with nurseries for trees to plant five thousand acres this coming season.

The Templeton-Paso Robles district produces a wider range of products than is grown in any other one locality between Los Angeles and San Francisco. This locality possesses several distinctive features which make it specially attractive for investment and home building.

Good ranches, most any size, \$75.00 to \$150.00 per acre. Well located young orchards in fine condition at \$275.00 to \$400.00 per acre. Near railway station and within easy motor trucking distance of deep water port puts you in touch with the world's markets.

Miss Lela Thomas Honored Guest at Los Angeles Shower at Dr. Shaul Home

Mrs. J. W. Shaul and her daughter, Mrs. Fred Mazy, very delightfully entertained for Miss Lela Thomas, who is to be one of the winter brides, with a white shower on last Saturday at the home of Dr. and Mrs. Shaul on Sunset boulevard, Los Angeles. Two automobileloads of guests went from Santa Ana besides others who went over the Pacific Electric line. There were also a number of Los Angeles guests present at the pleasant affair.

The decorations were of red carnations and ferns, and delicious refreshments were served in the parlors. Music and conversation and the inspection of the many beautiful gifts, which were mostly of linen and silver, were enjoyed during the afternoon. Return was made by the Los Angeles party at a late hour of the afternoon, at the conclusion of the delightful event.

The guests going from here were the complimented guest, Miss Lela Thomas, and her sisters, Misses Beulah and Gladys Thomas; Miss Helene McVell; Miss Anna Walker, Miss Margaret Wallace, Miss Alma Cook, Miss Linna Yarnell; Mrs. C. E. Price, Mrs. Tom Cook, Mrs. M. A. Yarnell.

The Los Angeles guests were Mrs. Gus Eggert, Miss Ethel Hayes, Miss Venus Cate, Miss Jennie Roberts, Gay Mazy, Mrs. Mazy.

Missionary Tea
The members of the Woman's Missionary Society of the Methodist Church, South, will hold their regular monthly tea at the home of Mrs. W. B. Sweet, 847 North Broadway, Tuesday afternoon. A cordial invitation is extended to all friends and members. A free will offering is taken at these teas to be used in the local work.

W. C. T. U. Meeting
The W. C. T. U. will meet on Tuesday at 2:30 p. m., at the home of Mrs. J. E. Gowen, 928 Spurgeon street. The members are asked to remember and bring donations for the Southern California Home for Women, and for the infant box maintained by the local W. C. T. U. Offerings of money will be gladly received.

A good program has been prepared for the afternoon and all women interested are cordially invited to be present at this meeting so near the national day of Thanksgiving.

Girls of Sandspit Organize
The younger girls of Balboa, East Newport and Balboa Island have formed a club, to meet on Sunday mornings for Bible study, and on Saturday afternoon for needle work, and a good time, says the Newport news. Just now the girls are busy making gifts with which to fill a Christmas box for the children's hospital in Los Angeles. The club was entertained Saturday by Miss Lucie Billings. Members of the club are Misses Florence Rodger, Hazel Curtis, Margaret and Elizabeth Wallace, Mary Jordan Nelson, Margaret Way, Lucie Billings, Hazel Moore, Bernice Collins, Margaret Hunt, Margaret Calhoun, Roberta Williams and Addie Howard.

Famous Woman's Orchestra

Musicians in Santa Ana who are interested in the work of the Woman's Symphony Orchestra of Los Angeles, will be glad to know its 1914-15 season is about to open. The Los Angeles Tribune says of the orchestra:

The Women's Symphony Orchestra of Los Angeles, the largest woman's orchestra in the world, will open its twenty-third season Friday evening, November 27, at the Gamut Club auditorium. Miss Marjorie Nichols, pianist, will be the soloist, as at last year's opening concert.

Mozart's Symphony in D Major, will provide the symphony part of the program, while a feature will be the presentation of a nocturne for string orchestra, by Henry Schoenfeld, conductor.

Miss Nichols, though barely eighteen, has already won recognition among the foremost pianists of the west. Friday evening she will play the Grieg Concerto in A Minor for piano and orchestra, which is the piece selected for her appearance with the San Diego Symphony Orchestra at the World's Fair opening. Her other numbers for the Woman's Orchestra concert include the Rachmaninoff Prelude and two Debussy compositions.

A Gluck overture, Iphigenia in Aulis, and Bizet's L'Arlesienne suite, make up the rest of the orchestra program.

Members of the orchestra will hold a reception in the Gamut Club banquet hall after the concert.

At the Neil Home
The hospitable home of Mr. and Mrs. Walter L. Neil was a scene of gaiety Friday evening of last week when the hostess gave a birthday party complimentary to her son, Mr. Charles Williamson. The evening had many diversions, consisting of whist, music and games, while perhaps the funniest and most irresistible feature of the whole evening was the game called "Arrangement of the Last End of Maud," and the several first and consolation prizes tended to please and console the many delighted guests.

A collation was served amidst a veritable bower of autumn leaves and many colored electric lights, while the harmony of color with the harmony of music, the cracking of jokes with the cracking of nuts, together with the charming surroundings typical of the season of first fires and Thanksgiving time, added another to the many delightful occasions for which the host and hostess have become justly celebrated.

Monday Club to Meet
The Monday Club will hold its regular meeting in the Library hall this evening at 7:30 o'clock. A. B. Cardner will give the paper of the evening on the subject, "Constitutionalism." A full attendance is desired.

Woodmen Entertainment
The Woodmen of the World will hold a pleasing entertainment tomorrow night at Moose Hall with little Miss Alice Prather, daughter of Mr. and Mrs. George Prather of Tustin, featured in the performance. The Moose will produce "The Appeal to the Governor," the sketch that made such a hit at the mid-year G. A. R. encampment held at Huntington Beach. The sketch has been lengthened by one entire act, and a new finale for the second act.

The cast will include the following: Little Nellie, Little Miss Alice Prather, Old Uncle Jimmy Bates (Governor Hardy).....Chas. S. Shaw
John Bates.....W. Gordon Gould
Howard Bell.....Frankie Hall
Blanche Stewart.....Miss Blanche Irvine

Judge Thomas Gives Address
Judge W. H. Thomas gave an address on Thursday before the Parent-Teacher Association in Fullerton of which the Fullerton News says:

"Judge Thomas gave a telling talk from the standpoint of parents and teachers. He thinks the home leaves too much for the teacher to do in character building and that the home is responsible for so many cases in the juvenile court."

"It is appalling to know how much crime is committed by the boys and girls in their teens. In regard to murders, the United States leads by a large majority."

"Judge Thomas thinks that the school demands too much of the pupils' time. No time to do anything at home, and Saturday, the busiest day of all, with some stunt on hand. Perhaps the teacher is not responsible—the pupil may be doing some 'wool pulling.'"

AMUSEMENTS

Temple Theatre
A production of great interest is being played at the Temple Theatre Monday, Tuesday and Wednesday this week entitled "William Tell," or the Liberation of Switzerland. Schiller's immortal tale in five wonderful reels. Many beautiful scenes of Switzerland will be shown in this production, and the cast will be composed of some of Europe's greatest actors.

What locality could afford a more picturesque background for a well-directed photoplay than the quaint and beautiful scenes that are presented on the mountainsides of Switzerland? In many scenes of this picture, were it not for the swaying of the trees and vegetation, one would be led to believe that the views, with their snow-peaked mountains forming a sharp outline against the sky, were the result of an artist's brush—the settings in some studio. Such scenes as are offered here are rarely seen in motion pictures. This is one of the greatest productions the Temple has ever shown, and is only another stepping stone in the upbuilding of the higher order of amusement which Manager Schlesinger is giving to the people of Santa Ana.

SPREADERS OF HAPPINESS GATHER IN CLEVELAND

CLEVELAND, O., Nov. 23.—With the avowed purpose of "making happiness an epidemic," several hundred members of the Appreciation League of the United States arrived here today for their first annual convention.

"Our convention is dedicated to the causes of international peace and universal brotherhood," said William Backus, president of the league and author of "Happiness, or the Art of Making It." "During this, our first convention, present world conditions will be contrasted with our ideals."

Members of the society wear little buttons with the insignia "Tal." It is part of their duty to ignore rudeness and report kindness and courteous treatment. Through the officers of the league employers are notified of patrons' appreciation. Officers will report on the progress of the work during the past year of business sessions today and tomorrow.

STEVENSON TREASURES GO ON SALE TODAY

NEW YORK, Nov. 23.—Lovers of Robert Louis Stevenson from all parts of the world are here today to attend a three days' auction sale of books, manuscripts, autographs and curios which belonged at one time to the English writer. The sale is declared to be the largest of its kind held in this city in recent years.

The collection is put on sale by Mrs. Isabel Strong, daughter of Mrs. Stevenson, whose death occurred near Santa Barbara, California, last February. Mrs. Strong inherited the treasures from her mother.

Among the more important items in the list is a library of five hundred books, many of them presentation copies from Andrew Lang, Edmond Gosse, Richard Garnett, W. E. Henley and others who gave them to Robert Louis Stevenson when he lived at Vallima, Samoa.

3000 FRENCH BOYS ARE TRAINING TO JOIN COLORS

PARIS, Nov. 23.—Lord Kitchener's men could not work more ardently to prepare themselves for the front than do the boys enrolled under the flag of the National Federation for Military Preparation.

This society is entirely the outcome of the war. Through the efforts of the federation 3000 lads have already gone to the front, some months before the time at which under ordinary circumstances they would have joined the colors as raw recruits, and, thanks to the federation's teachings, they have been able to take their places in the fighting line at once. Five thousand recruits due for duty in 1915 and 1916 are now under the tuition of the federation in Paris alone.

GERMAN FLEET PRIMING FOR NORTH SEA ACTION

LONDON, Nov. 23.—"Messages from Holland state that unusual activity prevails at Emden," says a dispatch from the Exchange Telegraph Company's correspondent at The Hague.

The telegram continues: "Fishesmen who daily cruise near the German waters say that the German fleet is preparing for decisive action in the North Sea."

PRINCE OF WALES TOURS BRITISH BATTLE LINES

NORTH FRANCE, Nov. 23.—During the assault on the south side of Ypres in a snowstorm Thursday, November 19, the Prince of Wales was not far behind the line of attack, plowing through the mud afoot, wrapping himself in vain against the storm and enjoying it all thoroughly. The prince made a long tour of the lines.

EXH

A Potpourri of News and Views

(From Los Angeles Financial News.)

Some Facts About Crops

Every landowner, agriculturist, horticulturist or stockman has an ambition to be a successful producer, says the New York Evening Post, whether it be of flowers, pigs, hothouse grapes, or a leg of mutton. He should, therefore, be vitally alert as to the trend of production and prices for garden products, live stock, crops, etc. Then the Post continues:

"Does he realize, for instance, that in the year 1914 the landowner in Rhode Island received more per ton for his hay than he could have in any other State in the Union, with Massachusetts a close second, while the farmers in North and South Dakota received less for their hay than their brothers anywhere else."

"The poultry fancier in Nevada received more for his eggs and chickens, with Massachusetts again a close second, and as to butter, Nevada leads again in price, with Connecticut next, and then Massachusetts, New Mexico, Rhode Island, in the order given."

"The breeder of hogs got the best price in Massachusetts, with Connecticut second and New Jersey third. Milch cows gave a larger return to their owners in Wyoming first—with a rise in price over the last four years of \$27—Arizona second, Rhode Island third, and Montana fourth. Horses brought more in Massachusetts than anywhere else, with Maine next and Connecticut third. The sheep owner fared best in Connecticut with New Hampshire next, and beef-cattle brought more to the Maine breeder, Massachusetts coming second and Rhode Island third."

"Many will also doubtless be surprised to learn that after Nevada, Vermont has a greater yield of wheat per acre than any State in the Union, Maine coming next; and that Vermont's oat yield per acre is the largest of any Eastern State, the Western States ranking in the order given: Nevada, Utah, Washington, Idaho. In barley production, California takes the lead, with Minnesota second and the Dakotas third."

"As to the prices of various commodities, on October 1, 1914, the index figure of crop prices was 3.2 per cent higher than the average for the past six years on the same date, and on September 15 the average price of meat animals, including chickens, hogs, sheep, cattle, etc., was \$7.58 per 100 pounds, as compared with \$6.92 four years ago. For instance the average price of milch cows was \$59.85, horses \$13.32, hogs, \$8.11, beef cattle \$6.38, veal calves \$8.06, and lambs \$6.27. As to land products, apples were 62 cents a bushel, pears 93 cents a bushel, eggs (in New York) 32 to 41 cents a dozen, and butter averaged 29 1/2 cents."

"The apple crop this year will, of course, be very plentiful, as it is estimated some 230,000,000 bushels will be harvested, while the potato crop is given as 384,000,000 bushels. The conditions for growing corn this year have also been admirable, there having been less damage from frost than usual, and the production to date is said to be some 2,700,000,000 bushels. Altogether, this year has been a more than ordinarily good one for agriculture, but there are several conclusions to be drawn from these figures for the mind unaccustomed, perhaps, to dallying with agricultural statistics. For instance, in certain States where the highest prices have been attained, the rise is sometimes based upon a limited supply of products of the highest grade rather than upon a general country-wide rise in price. Wyoming, for example, is, needless to say, not a dairy State, and the high price obtained for milch cows there is due primarily to a shortage in the supply."

"However, a careful examination of the returns from all the States show a general tendency upwards, which should be an incentive to us, for one thing, to take precautionary measures in our culinary departments. It might be suggested that the rise in beef cattle, during the last few years, would have made the necessity dawn upon the householder of exerting all possible energy in becoming familiar with the variable and nutritious (and about one-half the price) as the inevitable rib roast."

Under State Supervision

About 20 private banking institutions of Washington will come under State supervision at the end of this year, according to an announcement made from Olympia by the State Bank Examiner, as a result of the law passed by the last Legislature requiring private banks to incorporate before January 1, 1915. None of the mortgage banks of Spokane or private loaning companies are included under the provisions of the requirement. The institutions are located chiefly in small towns and have been operating as a firm or partnership for the handling of community banking houses.

National Bank Notes Outstanding

National bank notes outstanding November 2 aggregated \$1,121,468,911 compared with \$1,077,884,776 October 1, 1914, and with \$758,899,709 November 1, 1913. A net increase for the year of \$362,562,202 and for the month of October of \$35,841,135. The denomination of National Bank notes outstanding is:

One dollar.....	342,759	Fifty dollars.....	68,202,050

Great Engineering Feat

It required just seven minutes for the Pennsylvania railroad company to move a bridge, a great steel structure weighing seven million pounds, containing three spans and 720 feet long, a distance of 47 feet and exactly eleven minutes after a fast West bound mail train crossed the structure another train passed over the same bridge in its permanent place 47 feet away. The bridge spans the Muskingum river at Tyndall, Ohio, 64 miles east of Columbus. Ten thousand persons witnessed this great engineering task.

Compromise Telephone Litigation

Supervisors of San Francisco have agreed to compromise the litigation over the sale of the Home Telephone Company's system in that city, whose franchise expires in 1956, to the Pacific Telephone and Telegraph Company. The latter company is to pay the city annually 2 per cent of its gross receipts, and is to be allowed to operate under the Home Company's franchise which runs 16 years longer than its own franchise. The city is given 1000 free telephones.

Changes in Associated Oil

The Associated Oil Company has elected George Whittle a director to the vacancy caused by the death of John C. Kirkpatrick. The vacancy on the executive company, due to the same cause, has been filled by the election of R. P. Schwerin.

Standard Oil Dividend

Standard Oil Company of California has declared its regular quarterly dividend of \$2.50 per share payable December 15, to stock of record November 23. The amount which will be distributed to stockholders is \$1,250,000 and makes the distribution for the year \$5,000,000.

Produces Half of World's Copper

Statistics on the copper industry in the United States compiled by the United States Geological Survey show that despite the present low value of the red metal, the production in this country has exceeded that of any country so far that the United States now produces one-half of the entire supply of the world. The copper production in the United States in 1914 was 224,000 pounds. It has gradually increased nearly every year until in 1913 it had reached the enormous figure of 1,224,585,089 pounds. By states the output is as follows:

Rank	State	Product-Pounds
1	Arizona	400,000,000
2	Montana	285,000,000
3	Michigan	155,000,000
4	Utah	148,000,000

Imports of copper into the United States in 1913 amounted to 409,000,000 pounds; the exports totaled 926,441,000. The apparent consumption of copper in the United States in 1913 was 812,000,000 pounds. In 1913 1,624,000,000 pounds of copper was cast in this country. Of that 58 per cent went into wire probably for electrical purposes; 9 per cent in cakes for rolling; 8 per cent as cathodes and ingots used in the brass industry and casting.

The 1913 exports recorded 133,000,000 pounds to United Kingdom; 34,000,000 to Austria-Hungary; 7,990,000 to Belgium; 160,000,000 to France; 307,000,000 to Germany; 41,000,000 to Italy; 178,000,000 to Netherlands; 8,000,000 to Russia; 14,000,000 to other Europe; 36,000,000 to Canada and 5,000,000 to other countries, a total of 926,000,000 pounds.

The world's copper production in 1913 was 2,198,732,130 pounds. The nearest rivals to the United States are Japan with 160,000,000 pounds; Spain and Portugal, 120,000,000; Mexico 116,000,000; Australia, 14,000,000. The United States produces more than 50 per cent of the world's copper. The yearly average price of copper as well as other metals is given as follows:

	1911	1912	1913
Silver53	.615	.604
Copper125	.165	.155
Lead045	.045	.044
Zinc057	.069	.056

It might be remarked that copper was first discovered in the United States in Massachusetts in 1632; that a company to work copper mines was incorporated in Connecticut in 1709 and that copper deposits in New Jersey were worked in 1719.

California's Mining Industry

The Red Wing Quartz mine near Eldorado has been bonded and the new owner will at once erect modern machinery on the property and develop it. The mine is a virgin piece of property with a vein nine feet in width averaging \$20 to the ton.

One of the richest veins of manganese ever discovered has been uncovered at Herouet, Shasta County. The vein is ninety-five feet wide.

In a supplemental decision prepared by the Commissioner of the General Land Office at Washington and received by the register and receiver of the Los Angeles land office, the Government rejects further claims of the Iron Chief Mining Company, in Iron Mountain, Riverside County, the great iron ore field of the Southwest, valued at millions of dollars. This is the second opinion reviewing the original decision of local land office officials in the Iron Chief contest cases. The decision received this week involves 54 of the 180 claims and also the valuable Black Diamond mill site.

The State Industrial Accident Commission will have the cooperation of three practical miners, appointed at a recent conference in San Francisco, in determining the best way to insure the mining interests in the State during the coming year. According to the Chairman of the Commission, A. J. Pillsbury, the Commission in the past with its \$100,000 surplus, has been unable to deal directly with the mining interests through its state compensation insurance fund, but beginning January 1 it will have more than \$200,000 surplus.

Angelenos Incorporate Mining Co.

The Justice Gold Mining Company is the title of the latest corporation to enter the Goldfield field of mining. Composed of Goldfield and Los Angeles parties it was organized by C. W. Hays of Goldfield during his recent extended visit in Los Angeles. It is a Nevada corporation with 1,000,000 shares of the par value of \$1 each. The official personnel follows: President, O. M. Justice of Los Angeles; vice president, John La Poe of Goldfield; secretary and treasurer, Mrs. A. B. Hays of Goldfield; general manager, C. W. Hays of Goldfield; directors, the above named, with J. R. West of Los Angeles. In addition to owning the Gold Coin Extension claim in the Diamondfield section of the Goldfield district, the company holds a two and a half years' lease on the major portion of the Daisy No. 1 claim of the property of the Daisy Mining Company, which adjoins the former claim.

New York Likes Eggs

New York City uses every year 1,684,800,000 eggs. The weekly receipt of eggs in the metropolis amount to 80,000 or 90,000 cases, 30 dozen to the case. The average loss, due to rough handling, is 9 eggs to a case.

On the 5th inst. there was shipped from New York to Europe three million eggs, the shipment arriving from the West, and was the largest consignment of eggs ever sent from that port. England has depended largely for her egg supply on Russia but the war has cut off the supply.

Arizona Incorporations

That they may locate, buy, lease, bond and otherwise acquire mines and mining property James R. Dunseath, Kirke T. Moore, and John H. Campbell of Tucson have incorporated the O. K. Mining Company of Tucson with a capital of \$250,000, shares of the par value of \$10 each.

Water Company Dissolves

Having sold its properties to the city of San Diego, the Southern California Mountain Water Company, which was incorporated March 7, 1895, has filed with the clerk of San Diego notice of its dissolution. The notice is signed by John D. Spreckels, B. M. Warner, A. H. Kayser and W. Clayton.

Value Ponet Estate

An appraisement filed in the Probate Court of Los Angeles County this week in the estate of the late Victor Ponet gives the value at \$850,521.81 of which \$726,190.37 is real estate and \$124,331.44 personal property.

Rev. Carmichael, the pastor of the Mennonite church, moved from Orange into the house belonging to Mrs. Fulham.

Fred Fulham has just returned from a trip to Oregon. E. Fulham has gone to Oregon on a business trip.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

Studebaker

No. 12

IF YOU SAW ONE GROUP OF THINKERS USING SAFETY RAZOR BLADES and another group using jack-knife style blades, each group loudly proclaiming the superiority of their particular type of blade, but every now and then one or two of the "jack-knives" slipping over into the camp of "safety-typers" with none of the safety boys ever going back to the jack-knife camp, you'd know one thing without telling wouldn't you? Sure you would. There are two styles of gear-box (transmission) location: "amidship" and "aft." Studebaker cars carry the transmission in rear. No manufacturer who has ever tried the latter type has ever gone back to the "amidship" type, while every few months some good manufacturer who has been shouting his head off for the "amidship" location, just quietly and without a word in his two page high-class advertising, slides his transmission housing back to the rear axle and goes on sawing wood! Let me send you the folder "Why They Came Over." The thirteenth installment of interesting facts concerning the Studebaker cars will appear in this space tomorrow.

ORANGES SOLD AT \$6 A BOX

Late Valencia's Are Bringing
Excellent Returns to the
Growers

FULLERTON, Nov. 23.—California
Belle oranges, shipped by the Placen-
tia Orange Growers' Association, have
sold in New York at \$6 a box. This
is one of the best prices received for
local fruit this year. This company
shipped 105 cars in October and fifty
in November, and has twenty cars on
the track to sell before Thanksgiving.
Local growers who held fruit over
until October and November will re-
ceive from 50 to 75 per cent more

York Saturday for \$5.60.

FABRI BROTHERS MAY BE AIDING GERMAN CAUSE

NEW YORK, Nov. 23.—Ernesto G.
and Alessandro Fabri, wealthy
brothers, of New York and Bar Har-
bor, are being watched by United
States secret service agents in an en-
deavor to learn whether they have
supplied to Germany information ob-
tained by wireless at the Fabri estate
in Bar Harbor, where the most power-
ful wireless plant in New England is
equipped.

The surveillance over the Fabri
brothers is the result of a complaint
to the state department in Washing-
ton by the British embassy.

BLACK HAND MAY HAVE CAUSED FIRE AND DEATHS

NEW YORK, Nov. 23.—A refusal to
meet a demand for \$1000, made on
Gaetano Shembri by the "Black Hand,"
resulted in the fire early this morning
that caused the death of eight men,
women and children in a tenement at
403 East Twenty-ninth street, and the
injury of many others.

This is the opinion of Owen Eagan,
inspector in the Bureau of Combust-
ibles. Shembri has been haunted for
more than a year by members of the
Black Hand. Friday he was called to
the telephone and received a message
that he must pay \$1000 or suffer the
consequences. He refused.

IN THE JUSTICE COURT

THEIR SINGING IS NO OFFENSE

Trouble With Griffin May Be
He Does Not Know Good
Music When He Hears It

The tuneful sounds that came night-
ly from friend's garage at Brea dis-
turbed the slumbers of William Grif-
fin, employed in an adjoining livery
barn. Griffin swore to a complaint
charging disturbance of the peace, and
one of the singers, Bert Simmons,
was arrested. This morning he was
in Justice Cox's court.

According to Simmons and two other
witnesses, Griffin had no legitimate
cause for complaint. They said that
a quarrel was in the habit of meet-
ing at Griffin's garage for practice. Judge
Cox said that whether singing was a
disturbance depends upon the
quality of the singing, the songs,
the place and the time. He
made careful inquiry into those mat-
ters, and was satisfied that Simmons
was qualified to sing without creating
a disturbance. No sample was called
for.

Griffin did not show up at the hear-
ing. The case against Simmons was
dismissed.

Trees and Tracks

A. A. Mills, who lives between the
Anaheim sugar factory and Anaheim,
has had trouble keeping Mexicans
from wearing a path through his place.
Saturday he had Jesus Sanchez and
D. Garcia arrested for trespass, and
Justice Howard fined the men \$10
each. Sanchez paid, and Garcia went
to jail. Sunday morning Mills awoke
to find that someone had sadly mu-
tated four of his young walnut trees.
Sheriff Rudbeck and Under Sheriff
Law were called. Their suspicions led
them to Sanchez's poolroom. Sanchez
was taken to the orchard, and his
shoes exactly fitted the tracks found
around the damaged trees. Sanchez
was taken to jail, and Mills will swear
to a complaint charging him with ma-
licious mischief.

For Disturbance

Jose Rodriguez and Ignacio Rivera
were fined \$5 each for disturbance.
Last night while intoxicated they at-
tempted to enter a church at Tustin.
Under Sheriff Law and Deputy Stacey
found them asleep beside the road.

N. Y. TEACHERS MEET IN ANNUAL CONVENTION

ALBANY, N. Y., Nov. 23.—Several
thousand educators, representing
practically every school in the state,
will be in attendance here tonight at
the first session of the three days' con-
vention of the New York State
Teachers' Association. During the
convention special lines of work,
ranging from education in the kinder-
garten to education in the university,
will be discussed by experts.

Gov. Glynn, State Educational Com-
missioner Finley and Mayor Stevens
will be the principal speakers at to-
night's meeting.

Dr. W. H. P. Pounce, president of
Brown University, will address the
teachers tomorrow evening. Governor
and Mrs. Glynn will afterward receive
the delegates to the convention at the
executive mansion.

An address by Katherine B. Davis,
commissioner of charities for New
York city, will feature the closing of
the convention on Wednesday.

AT THE COURTHOUSE

AGAIN NAMED BY THE STATE

Anderson and Quick Are Inheri-
tance Tax Appraisers for
This County

This morning there were filed here
the appointments of J. N. Anderson
and J. G. Quick as state inheritance
tax appraisers for Orange county.
The appointments are made by State
Controller J. S. Chambers. These two
men have held the positions for the
last three or four years. The com-
pensation of the positions comes from
the estates appraised.

Answer Is Filed
Today the answer of Edgar Johnson,
publisher of the Fullerton Tribune, to
the \$10,000 libel suit brought by Hor-
ace McPhee, former owner of the
Santa Ana Blade, was filed with the
county clerk by Attorney E. J. Marks
of Fullerton.

McPhee sued for \$10,000 on account
of an article that appeared in the Tri-
bune at the time McPhee sold the
Blade. That article had certain things
to say concerning the politics of the
Blade and McPhee.

The answer declares that no harm
was done McPhee by the publication
in the Fullerton paper, which the
answer says has a circulation of only
nine papers in Santa Ana. Further it
is alleged that the same statements
were printed in other papers previous-
ly to the time they were printed in the
Tribune, and that whatever harm the
statements could do McPhee had al-
ready been done. Moreover, the an-
swer alleges that the publication was
true.

Final Papers
A petition for final papers of natu-
ralization has been filed by Adolph
Dreger, aged 39, a blacksmith of Ana-
heim. He was born in Russia.

COLORADO TO OUST FEDERAL SOLDIERS

Gov. Ammons to Ask Wilson to
Withdraw Troops; State to
Rule Strike Zone

DENVER, Colo., Nov. 23.—It is ex-
pected Governor Ammons within two
days will ask President Wilson to
withdraw the federal troops from Col-
orado and follow this with a proclama-
tion to the effect that the state has
decided to exercise its sovereignty in

the strike zone.
The report of the Burr investigating
committee was presented to the gov-
ernor yesterday and in it the commit-
tee calls upon Governor Ammons to
accept the responsibility of maintain-
ing peace in the state, to dismiss fed-
eral troops and to notify all able bod-
ied men that they are, under the law,
reservists of the state militia.

At a banquet to the national guard
Saturday night Governor Ammons and
Governor-elect Carlson both made re-
ferences to the strike, declaring for
a united campaign in the interest of
the state. Carlson intimated that in
the case of lawless characters depor-
tation will be resorted to. While the
state is preparing to regain control of
the strike situation the United States
Industrial Relations Commission will
begin an investigation of the trouble,
beginning December 1.

PROHIBITION IN GUAM AND SAMOA

Sec'y Daniels' Order Driving
Rum From Navy Affects
Insular Possessions

WASHINGTON, Nov. 23.—Prohibi-
tion has invaded the insular posses-
sions of the United States, as a result
of Secretary Daniels' order driving the
demon rum out of the navy. Guam
and Samoa are especially affected be-
cause of the fact that they are both
under naval authority and classed as
naval stations.

Only a short time ago an army cap-
tain who was acting as quartermaster
of one of the transports was court-
martialled following a party in which
he was the guest of a naval officer
stationed in Guam.

In Samoa the natives, while not
known as heavy drinkers, concoct a
most deadly liquor from a mash of
sweet potatoes. It is known as
"swipes." It is said that even after a
carouse lasting all night its effect will
wear away with a few hours' sleep,
but on the other hand a single drink
of water will produce an even finer
"jag" than that of the night before.
